

Intelligent deepfryer

FryTastic® 5150

The smartest amongst the deep fryers, electronically controlled and extremely accurate. Indispensable when it comes down to details for a hobby cook who wants to indulge his guests with special fried dishes, such as tempura or other culinary dishes.

This deep fryer is also equipped with a double heating element which allows you to fry up to 50% faster. The fries are seared faster, therefore more crispy, less greasy and healthier. This is the ultimate secret of the real Belgian fries! Unique and patented, only from FRITEL! A nice extra is the special position for melting solid fat. Classy finish with silver metallic housing and anti dust lid.

Fritel, Tastefully Created !

Unique product advantages

- Intelligent deep fryer:
 - Exact baking temperatures (+/- 1°C) thanks to the electronic control
 - User friendly sound signal when the desired temperature is reached
 - Clear illuminated display
